Reach customers with timely, measurable campaigns

Why SMS belongs in the marketing mix

Reach customers on a channel they already use.

Share concise updates and offers at scale.

Connect campaigns to measurable customer actions.

SMS can complement email, social, and other outreach.

Build a campaign with purpose

Audience

Choose the customer group the message is meant to reach.

Message

Keep the offer or update concise and easy to understand.

Outcome

Give readers a clear next step that supports the campaign goal.

Plan effective campaign messaging

Match the message to a specific campaign objective.

Time promotions and announcements for relevance.

Make the call to action direct and easy to follow.

Connect SMS to business workflows

1.

Trigger a message from a customer event or business rule.

2.

Send the message through an API or connected platform.

3.

Record the response or delivery status for follow-up.

Measure delivery and campaign performance

Delivery status

Review delivery reports to understand which messages reached recipients.

Track responses and campaign actions against the stated objective.

Use results to refine audience, timing, and message choices.

Make every message **purposeful.**

Plan clearly. Automate thoughtfully. Measure what matters.
